The cockpit of the Aero Commander 500S 'Shrike Commander' represents the typical layout for the Aero Commander 500 series and the production period. The standard analogue flight instruments are typical of the model range and consistent with an aircraft of this category and age, and they are supplemented with the Garmin GNS 530 GPS unit and the Century III / Altimatec IIIc autopilot.

Aero Commander 500S 'Shrike Commander' Review

PISTON ENGINE MODELS Photo by: Tyson Ringer The first models of the Twin Commander were originally called Aero Commander and built in the early 1950s. These aircraft were powered by twin Lycoming piston engines rated at 290hp and have 500 series model designations. Over 1,000 of these planes are still flying today.
