Politics in Time: History, Institutions, and Social ...

Politics in Time opens a new window on the temporal aspects of the social world. It explores a range of important features and implications of evolving social processes: the variety of processes that unfold over significant periods of time, the circumstances under which such different processes are likely to occur, and above all, the significance of these temporal dimensions of social life for our understanding of important political and social outcomes.

Chapter One POSITIVE FEEDBACK AND PATH DEPENDENCE And the first step, as you know, is always what matters most, particularly when we are dealing with those who are young and tender. That is the time when they are taking shape and when any impression we choose to make leaves a permanent mark.

Politics in Time - Project MUSE

Historical institutionalism (HI) is a new institutionalist social science method that uses institutions to find sequences of social, political, economic behavior and change across time. It is a comparative approach to the study of all aspects of human organizations and does so by relying heavily on case studies.

Historical institutionalism - Wikipedia

have short time horizons, creating institutions with undesirable long-term effects, or their preferences may change over time as institutions remain stable. Finally, political actors themselves may change; a new generation may inherit institutions that reflect previous actors' preferences rather than their own.

book reviews 283

And it provides a wealth of ideas for restoring our sense of historical process. By placing politics back in time, Pierson's book is destined to have a resounding and enduring impact on the work of scholars and students in fields from political science, history, and sociology to economics and policy analysis.
