Titans of Space was one of the first polished virtual reality experiences available and one that helped create a lot of buzz about all the potential that VR had to offer. This app provides a theme park-style ride through our solar system (and beyond). It allows the user to control the pace of the experience.

Great Virtual Reality Travel Experiences - Lifewire

The four volumes of the "Virtual Airplane" series will teach you how to create the model shown on the cover. This guide assumes that you may know nothing about the 3D modeling software, so it starts the course from the very basics. In subsequent chapters the author builds a computer model of the P-4...

You can use this blog as a supplement to "Virtual Airplane" guide. In general, I use in this work the same methods that I described in this guide. However, there are also some new ideas, for example - using the high-resolution photos as a direct, 3D reference. The beginning was harder than I expected, because I had to create my own scale plans ...
